Location

Johnson County Fairgrounds

250 Fairgrounds St.
Franklin, IN 46131

The festival sometimes appears on Google Maps but not in the exact location we use at the fairgrounds.

Yellow stars denote entrances to the fairgrounds.

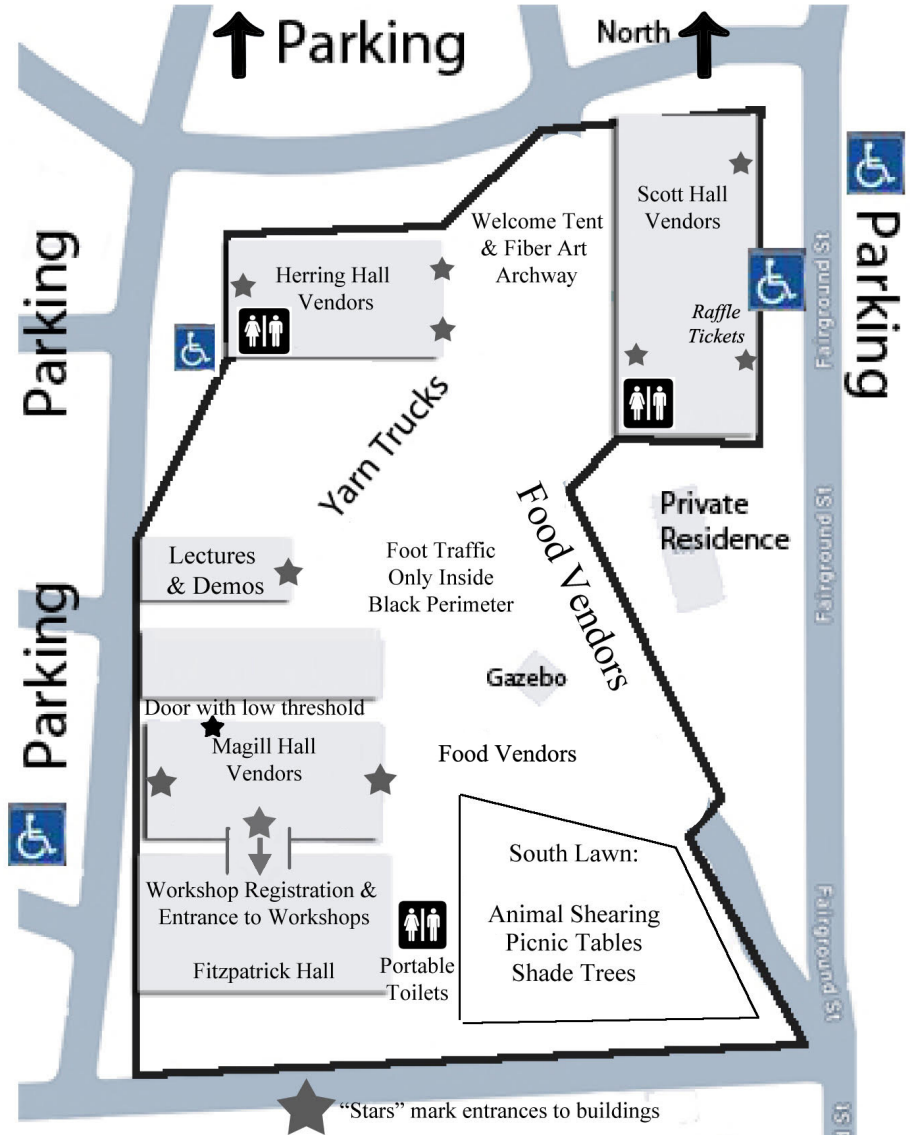

3 buildings full of vendors and 3 yarn trucks!

Vendors in: Magill Hall * Herring Hall * Scott Hall

Yarn Trucks: Located on pavement in center of festival.

Food Trucks: Food Trucks located along the east side of our area.
Please allow extra time around your workshop timing to get food.

Pet Policy: Pets are not permitted at the festival outside, or inside any building. Service animals are always welcome.

Festival Information

HHFF WELCOME TENT

- By the Fiber Art Archway on the north side of our area.
- Take a picture at the Archway and add your butterfly!

Parking

- We have marked accessible parking near entrances to each building but is first come first served and on the honor system.
- Parking is also located all around the festival area in the grassy areas, and the long rows of grass north of the area we use.

Accessibility

- The area the festival uses is paved and flat.
- Doors throughout the festival are manually opened, assistance is available as needed.
- Ramps into Magill Hall were provided by the fairgrounds in 2025. If a ramp is not present, please use the standard door down the “alley” on the north side of Magill Hall. It has a low threshold.
- No vehicles inside perimeter marked by black line. Foot traffic only.

Restrooms

- Scott Hall and Herring Hall have indoor restrooms, with accessible bathrooms.
- Portable Toilets will be located next to Magill Hall near the grassy area on the east side. Hand washing station will be located near them.

Animal Shearing

- Shearing demonstrations occur throughout the weekend on the south lawn under the big tree. Talks will be given by Yvonne on Friday at 1:00 P.M. & Saturday at 11:00 A.M.

Camping

- Camping is managed through the fairgrounds. Call 317-738-3247 and press option 3. More info at: www.jocofairin.com/camping

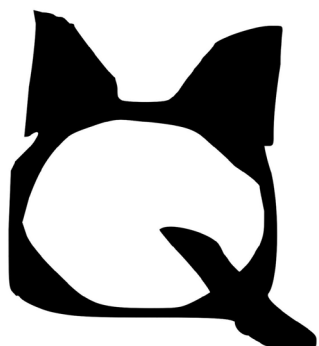

Workshops

- Workshops are located in Fitzpatrick Hall on the south end of the area we use. Enter through the breezeway in the center of Magill Hall.

Raffles

- Purchase raffle tickets in Scott Hall at the Merch Table.

Workshop Scholarship Opportunity

The Hoosier Hills Fiber Festival is organized by *Hoosier Fiber Arts Association, Inc.*, a small, Indiana based, non-profit focused on arts, education, and continuing handicrafts in our society. We instituted a scholarship program to help offer educational opportunities to those who may otherwise not be able to participate due to financial considerations.

Mid-March we open an application for scholarships for that year's workshops, and the application closes in mid-May.

All 2026 Scholarships will be awarded May 23rd and we appreciate everyone who donated to our scholarship fund. Thank you for helping us with one of our missions: keeping fiber arts accessible to all!

Please visit our web site to learn more:

Artist-in-Residence

The Artist-in-Residence program was initiated in 2024, and through it we seek to help the budding artist explore a new skill or honor an artist whose mastery of a craft is to be revered.

We applaud the dedication of all fiber artists in helping keep historical skills relevant in our modern society. May the practice of these skills enrich all our lives and bring our society closer together.

Our 2026 Artist-in-Residence has been awarded to the vendors who have been with our festival from the very first Hoosier Hills Fiber Festival at the Johnson County Fairgrounds 20 years ago!

**There will be an Artist-in-Residence Talk
at 4 P.M. on Friday in the Lecture Hall.**

Kelli Stropes and Vicki Palmore of *Different Things Creations*

Patti Hodge of
Patti's Creative Felt

Denise Curtis of
Denise's Fleeces

Donna Jo Copeland of
Breezy Manor Farm

We appreciate how much they have enriched the amazing world of fiber arts in Indiana that we are all privileged to share. Be sure to congratulate them on their award and the dedication to their businesses!

Free Lecture Series: Friday

12:00 P.M. Friday:

Fiber Arts & Folklore; The Role and Symbolism of Fiber Arts in Storytelling

Ever wonder about the origin of the term “spinning a yarn”?

Join Paige for a lecture on the history of fiber arts, cultural symbolism in traditional arts, and the stories we tell with yarn- specifically what happens when the yarn itself becomes part of the story.

Paige Shipley, an Indiana fiber artist and writer, will be discussing fiber arts and the symbolism of yarn throughout the history of storytelling- from traditional folk stories about the beginning of the world and ancient mythology, to hidden meanings in fairy tales, to more modern (and sometimes magical) uses of yarn and needlework in literature. Spoiler alert- it's never *just* a knitting project.

2:00 P.M. Friday

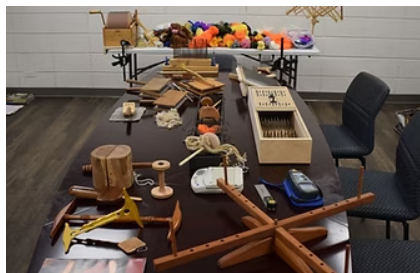

Red, White, and Blue: Revolutionary Dyes and Fibers with Gina Levesque

In celebration of our nation's birthday, it is worthwhile to take a trip back to the late 1700's and investigate the dyes (and fibers) being used. What dyes were utilized to color the flag and why? What was used to color the soldiers uniforms and why was there a difference between those used on officer's clothing as opposed to the enlisted? What was the symbology behind the suit General Washington wore as he was being sworn in as our first president? Whether you are creating a piece of fiber art to celebrate our 250 year anniversary, interested in textile history, or both, this will be an informative window into the year 1776.

Free Lecture Series: Saturday

12:00 P.M. Saturday
Coiled Baskets and Bowls
with Wendi Donovan

Coiled baskets and bowls are an ancient technique used by many cultures and their creation dates back many thousand years. Explore these beautiful and useful pieces of art with Wendi.

2:00 P.M. Saturday
Tools of the Trade: Fiber Processing
with Justin Near

What's a picker? A hackle? A diz? A niddy noddy? There are some funny words in the fiber arts world. If you've ever been curious about the hand tools used in fiber processing - what they're called, what they do, and how to use them - come and see!

4:00 P.M. Saturday
Natural Fiber Types and Attributes
with Justin Near

When we use the word fiber, what do we really mean? What kinds of natural fiber do we use regularly in fiber arts? And why are some fibers used more than others for specific purposes? Come and learn all about natural fibers and some of their unique qualities, characteristics, and attributes.

Craft Together Gathering

We're hosting a Social Crafting gathering on Friday night after the festival, and you're invited!

Bring any crafting project and join us for social time following!

When? Friday, June 5. 5 P.M. - 7 P.M.

Where? Lecture Hall on the west side of the fairgrounds area we use. See map for location, we're in the building marked "Lectures".

What will be going on? We will be spending creative time together working on our projects and enjoying socializing with others.

Snacks? We will have some sweet treats to eat during the gathering.

Don't forget to grab a drink during the festival at Travelin' Tom's Coffee Truck!

Fiber Arts Archway

Join in the fun and contribute to our collaborative community fiber arts project at the festival. Any questions, email us:

hoosierhillsfiberfestival@gmail.com

Full details at: www.hoosierhillsfiberfestival.com/archway

Help decorate the Hoosier Hills Fiber Festival Archway!

Make a butterfly to add to our archway in 2026. Use the pattern here or another of your choosing be it knit, woven, felted, wood, etc. All crafts accepted!

Grab a hook and some yarn, sample uses sock yarn and a G hook, but use what you have: Chain 2. Work all the following in the second chain from hook:

Form lower right wing: 1sc, 1hdc, 3dc, 1hdc, 1sc, 1 slip stitch.

Form upper right wing: 1sc, 1hdc, 2dc, 3trc, 2dc, 1hdc, 1sc, 1 slip stitch.

Form upper left wing: 1sc, 1hdc, 2dc, 3trc, 2dc, 1hdc, 1sc, 1 slip stitch.

Form lower left wing: 1sc, 1hdc, 3dc, 1hdc, 1sc, 1 slip stitch.

To finish, cut 12 inch tail and pull through final loop. Leave ends for tying to archway. With contrast color, cut a 12 inch piece of yarn, pass halfway through a stitch on back of butterfly near the top, hold ends together. Wrap tails 4 times around the middle to form the body. With tails at the top, pass one tail under a loop and tie in a square knot with other tail. Cut tails 1 inch long to make antenna. Bring your butterfly(ies) to the festival and add it to our collaborative art piece!

Want to make one but can't attend the festival? Email us for details.

hoosierhillsfiberfestival@gmail.com

Actual size!

More pattern options and video links on our website!

2025 archway was decorated with peonies.
2026 archway's theme is butterflies!

Fundraising & Merch!

Enter a Raffle!

This year we are introducing raffles to help the festival raise funds to support our continued effort to keep the fiber arts accessible to all. Purchase a raffle ticket at the Merch Table in Scott Hall. You do not have to be present at the festival to win. We'll contact you after the festival and schedule a pick up time, or coordinate shipping the prize to you if you are not local.

Another great way to support the festival is to pick up some cool gear in SCOTT HALL at the Merch Table, All profits from the sale of merchandise go right back into the festival to help make it better for you next year.

Our 2026 t-shirt design was inspired by a piece of weaving and will be printed on a light blue shirt.

We have cool wooden art magnets created by one of our volunteers!

Totes: Perfect for purchases or projects.

About the festival...

The Hoosier Hills Fiber Festival is in its 20th annual, two-day marketplace with demonstrations, entertainment, lectures, and fiber art related workshops taught by skilled instructors. While visiting the festival, consider taking one of these workshops to expand your knowledge and skill set.

Our vendors provide finished goods, raw fibers, supplies, fiber animals, and tools related to the fiber art world and old-time artisan skills. A majority are Indiana-based and *all* are hardworking, “small businesses” (often 1 or 2 people) and shepherds who greatly appreciate your support of their endeavors.

The festival is FREE to attend and parking is also FREE. Workshops are available for a fee with scholarship opportunities available to help keep fiber art education accessible to all.

Hoosier Fiber Arts Association

The annual Hoosier Hills Fiber Festival is hosted by the Hoosier Fiber Arts Association Inc, a 501(c)(3) charitable non-profit whose mission is to promote fiber art education and handicraft throughout the state of Indiana in order to keep it relevant in our modern society.

A dedicated group of volunteers organize the festival each year. Please contact us if you are interested in helping.

Dearest Friends,

We're inviting you to celebrate the world of fiber arts with us at the 21st Annual Hoosier Hills Fiber Festival!

Friday & Saturday
June, 4 & 5, 2027

Johnson County Fairgrounds
Franklin, Indiana

www.HoosierHillsFiberFestival.com

Sincerely,
The HHFF Planning Committee

Help decorate the entryway arch at the 2027 Hoosier Hills Fiber Festival!

Bring a "raindrop" spiral with you to the festival and add it to our community fiber art project. Use one of the patterns below or make up your own. Get creative and use other crafts to make a raindrop. We love seeing what you can make!

Crochet: Chain 20 stitches. Work 3 single crochet stitches in 2nd chain from hook and in each remaining stitch in the foundation chain.

Knit: Cast-on 20 stitches. Knit front, back, and front (kfbf) into each stitch across. Bind off all stitches.

Pull both tails through the last stitch and use them to tie your raindrop to the archway.

Want to make a longer spiral? Start with more stitches in your cast on/foundation chain.

www.HoosierHillsFiberFestival.com

See you next year!
